This statement was made to day by Secretary Williams, of Beyond Amalgamated association. this he declines to discuss the strike in any form. There was no change in the position of the two contestants today. Both sides held firmly to the plan of watching each other. The officials of the Wood mill of the American Sheet company made no attempt to start the plant and indications pointed to their remaining inactive until the strike negotiations are decided one

It was said, however, that it had no connection with the strike settlement, but rather to the affairs of the Youngstown ompany. It was said that the Repub-He company was in need of a number of skilled men and in search of them After the visit of Colonel French, Jo- GERMAN SQUADRON AT CADIZ seph Bishop, the secretary of the Ohio board of arbitration, went into conference with President Shaffer. His visit was in connection with the strike What was said, however, was not divulged and will not be. It is believed that Mr. Bishop has been actively engaged in bringing about the last conference between the strikers and the steel trust, and is among the most parent facts in the status of the strike today was the determination of the strikers to lose no ground in their struggle while peace negotiations are By Exchaire Wire from The Associated Press being conducted. It was explained that this plan was absolutely necessary in order that the position of the Amalgamated association should be strong when the settlement takes place. Most of the officials of the Amalgamated association expressed confidence that the strike is near an end.

News received from all points where the strike is in progress today was of By Exclusive Wire from The Associated Press. reassuring nature. The strikers claim to have more than held their ground since the strike began, and since the opening of the campaign they claim to have increased their membership in McKeesport alone to over 1,500 men. Accessions to the ranks of the Amalgamated association have also been made Wellsville, Pittsburg, Allegheny, Mingo Junction, and Riverside, W. Va., where one of the National Tube company's mills is operated. With the American Steel Hoop company the change has been one of the most sweeping. Before the strike, practically all but two of the mills were non-union. At this time all but one of the mills of this company are union and are idle from the strike.

The sitution of the American Tin Plate company is well understood. All of the mills of that company are working under union rules excepting the Monessen. The story told of this mill is that under the agrement made the time it was secured by the trust, the management of the plant was to be left in the hands of the former officials for a period of five years. This was done in order to arove the value of the patent meth- ing by the Republican city convention.

ods for producing tin plates there. This plant is still running as non union, and while thirty-six men have been discharged from the plant for embracing union principles, manager Percy Donner claims that the plant is running full and has not been affeeted by the strike in the least. The mill employes over 800 men in all departments and is one of the best producers in the American Tin Plate company's groups of mills,

Drawings, and All Have Faith

By Exclusive Wire from The Associated Press. El Reno, O. T., July 29.-Oklahoma's great land lottery was begun here in earnest today, and when the commissioners appointed by Federal government adjourned, the drawings for the day, one thousand of the choice of the thirteen thousand 160-acre claims in the Kiowa-Comanche district had been awarded. The first name drawn from the wheel was that of Stephen A. Holcomb, of Paul's Valley, I. T., for a homestead

in the El Reno district, and the

second, Leonard Lamb, of Augusta

These two men select the two choice claims in this district. The capital prize winners, however, proved to be James R. Wood, whose name was the first to come from the Lawton district wheel, and Miss Mattie H. Beals, of Wichita, Kan., who drew the second number in that They will have the privilege of making the first filings in the Lawton district, and will undoubtedly choose the two quarter sections adjoining that town. These are recorded the most valuable in the territory, and are, it is mated, worth from \$29,000 to \$40,000 each. Today was one of keen anxicty, replete with interesting scenes. It is estimated that fully 25,000 persons witnessed the drawings. The immense throng was wrought up to the highest pitch. The drawing of the first names was followed by a mighty shout.

Manner of Drawing.

The announcement of each succeedng winner for a time was received with shouts of applause and merriment. Every man who did not draw a prize rom the wheels today had steadfast faith that tomorrow or next day will giving him a title clear to 160 acres of Oklahoma's land. When the close of the drawings for the day was announced at 6 o'clock, hundreds who had either eaten nor drank during the day sank to the ground where they stood from sheer fatigue, or went wearily to find places for rest, or to refreshment booths uptown. The day was remarkably free from quarrels, and general satisfaction with the government's method of disposing of the land was felt.

It has been found that many hundred applicants have "repeated," and that others have applications so illegible much discord has resulted and the outcome may be an appeal to the courts The drawing had been set for 9 'clock, but the transferring of the bundles of envelopes holding the applications from the general receptacle into the wheels, which was by lot, was so slow that it was 10.50 o'clock before the first name was drawn. Twenty-five names were first drawn from the El Reno district, and then an equal number from the Lawton district. When all was ready. Ben Heyler placed his hand in an aperture in the El Reng wheel and withdrawing an envelope handed it to Colonel Dyer. It was given to Chief Clerk Macey, stamped and handed back to Colonel Dyer. The commissioner walked to the front of the platform, raised his hand for order and in a loud tone exclaimed: "Stephen A. Holcomb, of Paul's Valley, I. T., iraws the first number

The crowd yelled for three minutes, apparently as much delighted as if very man had drawn a prize. Envelope number two was quickly drawn and Colonel Dyer again announced: Leonard Lamb, of Augusta, O. T. born in Illinois." In quick succession other envelopes were drawn. Other successful winners in the El Reno disriet follow:

Chickasaw, I. T.: Charles D. Williams, Norman, L. T.; Ollie M. Rogers, Cordell, O. T.; Edward C. Prince, Watomga, O. T.: Andres J. Phillsower, Sheldon, Mo.: John Brown, Caldwell, Kan.; John Shedlock, Wetherford, O. T. When twenty-five names had been

aken from the El Reno district wheel, attention was turned to that representing the Lawton district. The first name brought out for this district was hand company, Pittsberg: canital, \$2,000. Pen ham brought out for this district was hanger Slate company, Wind Gap: capital, \$18. that of James R. Wood, of Weatherford, 600. Burnham Sewerage Draining company, Mif-O. The Lucky Woman.

The second ticket was drawn, and Colonel Dyer cried out: "I have the pleasure to announce the name of the first woman to draw a prize, Mattle H. Beals, of Wichita, Kans." Then Colonel Dyer gave her description as 23 cears old, five feet three inches in height, "just the height of Wood." By Exclusive Wire from The Associated Press Newport, R. L. July 29.-The Columbia toda defeated the Constitution, boat for boat, in splendid race by two minutes and 54 second and won the \$1,000 cup presented by Colone John Jacob Astor. Her victory was decisive and convincing. The behavior of the Constitution or the other hand was disappointing in the extreme, and this evening Mr. Duncan announced that his boat would not take part in further races until her rig had been aftered. He declared that the Constitution is not doing herself justice, that she is not going well and that there is no use in racing her further until she is put in proper shape. The Constitution will not participate in the Newport yacht racing events of Thursday and Saturday of this week as a competitor of the Independence. The Columbia, how-ever, has been entered for these races and will sail against the Beston heat. The Constitut will go to Bristol at once to have the alteration made. If this change in the plans of the Co stimion does not prevent, the next races in which she will start will take place ever the Newport course on Aug. 12 and 14.
